INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1955 edition of the Plainfield City Directory, which also includes North Plainfield and the rural routes emanating from the Plainfield Post Office.

Confidence in the growth of Plainfield's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plainfield to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Plainfield Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments
(Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. **THE BUYERS' GUIDE,** the first major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Plainfield and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Plainfield, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. **THE CLASSIFIED BUSINESS DIRECTORY** is the second major department, printed on yellow paper. This department lists the names of all business and professional concerns of Plainfield and vicinity in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. **THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Plainfield and North Plainfield, and the name, official personnel, nature and address of each firm and corporation.

IV. **THE PLAINFIELD RURAL ROUTES DIRECTORY,** on white paper, is the fourth major department.

V. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fifth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plainfield and vicinity. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. POLK & CO., is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Situated in an attractive location, 24 miles southwest of New York City, and immediately south of the Watchung Mountains, Plainfield, a residential suburban city of 42, 366 population, is also the center of a retail trade area which extends west 30 miles to Flemington in Hunterdon County, northwest 28 miles to Chester in Morris County, northeast nine miles to Springfield in Union County, southeast seven miles to Metuchen in Middlesex County, and southwest 21 miles to Belle Mead in Somerset County. This area approximates 418 square miles and comprises an estimated population of 244, 502, which represents 20 o/o of the population of Union County, 90 o/o of Somerset County, and 15 o/o of Middlesex County, 5 o/o of Morris County and 50 o/o of Hunterdon County.

Because of the rapid development of northern New Jersey, Plainfield is ideally situated by reason of its location, railroads and highways to dominate as a manufacturing, distributing and shopping center of the entire area described above.

New Jersey ranks among the first states of the Union in education. Rutgers University, while not included within the Plainfield area, is located only nine miles southwest of Plainfield in New Brunswick, and is one of the oldest institutions of learning in the U. S., having been founded as Queen's College by charter from King George III in 1766. The public school system is adequate to serve the educational needs of all children. To Plainfield is awarded the honor of being the home of the free public school system in the State of New Jersey. The first school came into existence Aug. 16, 1847. Congregations of every creed meet in dignified houses of worship numbering 44 in all, and a fine spirit of friendship exists among the various denominations.

A paid supervisor directs recreational activities throughout the entire year, so that no form of recreation is found lacking. Four moving-picture theatres operate three and four shows daily for twelve months. There are several auditoriums and clubhouses for recreation and exposition purposes.

In the Plainfield area the quantity and quality of skilled workers are excellent for most manufacturing purposes. Skilled machinists of all kinds; building trades, metal, garment, silk and assembly workers, and printers predominate in the labor market. The principal industrial products are motor trucks and buses, printing presses, newspaper machinery, magazine printing, tools and hardware specialties, hats, women's dresses, undergarments and clothing, adhesives, broad silk, wood and concrete preservatives, paints, pigments, steel fabricating, concrete mixing machines, electric motors, wood partitions, and radio condensers.

Plainfield is on the main lines of the Central Railroad of New Jersey, the Baltimore & Ohio Railroad, and the Reading Co. The Lehigh Valley Railroad main line station is located in South Plainfield, three miles from the center of Plainfield. Bus services are adequate, and cover the entire trade area and the principal outlying towns.

The people are industrious, progressive and accustomed to high standards of living. The water supply is fresh and plentiful, being furnished from artesian wells and pumped into ample reservoirs. About 60 o/o of the population own their homes.

Lake Nelson Memorial Park

The Garden Cemetery

The garden cemetery is America's answer to the age-long cemetery problem. Here the traditional gloom of the cemetery is transformed into a series of beautiful gardens. Each individual section is built like a garden with a beautiful hand carved memorial work of art as its center theme enhanced by beautiful landscaping.

Mere ownership of a cemetery plot still leaves many problems unsolved. When a family is faced with a bereavement there is a feeling of helplessness and bewilderment, finances already strained by hospital, drug and doctor's bills and loss of income are now faced with heavy expenses, decisions must be made immediately by wives whose judgment is clouded by shock and sorrow. **LAKE NELSON MEMORIAL PARK** is the first cemetery in America to institute a lot owner's service plan. When a member of the family passes on, a telephone call to **LAKE NELSON MEMORIAL PARK** brings an experienced funeral counselor to their home. He advises them on funeral costs, and if they wish, accompanies them to the funeral director of their own choosing. Many grateful lot owners tell us that without this service they would not have known what to do.

This service is entirely free and many families have purchased their plots at **LAKE NELSON MEMORIAL PARK** after having seen the plan in action.

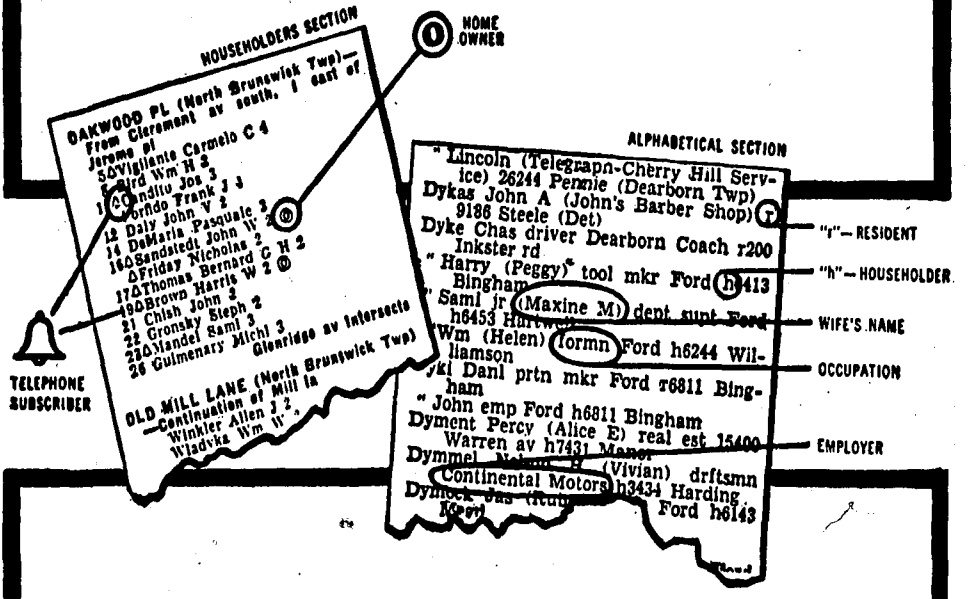
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

R. L. Polk & Co.

POLK'S
PLAINFIELD

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including North Plainfield

1955

Copyright, 1955, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)
